Give-aways, mailing boosters and sustainable customer gifts **Made in Germany**

CAMBLOCK® **Webcam Cover**

Protects the privacy of your employees and customers

Tip: Several stickers in different sizes

PVC-free, sticks without glue, extra thin

INFO

Our Camblock® Webcam Cover is a simple but effective means of protection against unwanted observers. It protects your privacy even if your webcam is activated unnoticed by webcam hackers.

Our PVC-free special sticker adheres without adhesive to almost all smooth surfaces, is reusable and can be removed without leaving any residue. Thanks to its extremely thin design, Camblock is also suitable for most notebooks.

Design examples
